Professional Experience

ConeTec

November 2025 – Present

Business Intelligence Analyst

Burnaby, Canada

- Developed Python-based Azure Functions to extract data from external systems, transform raw files into structured datasets, and publish standardized outputs into SharePoint and Power BI staging environments.
- Worked with SQL, SharePoint, Microsoft Graph, and API-based integrations to support data pipelines, automated file delivery, and recurring operational workflows.
- Improved pipeline reliability by standardizing outputs, validating business rules, and reducing manual handling across recurring reporting and automation processes.
- Partnered with stakeholders to clarify data requirements, validate staged outputs, and support downstream reporting and automation use cases.

Spring Financial

February 2025 – July 2025

Business Analyst

Vancouver, Canada

- Built an executive Tableau dashboard tracking credit risk KPIs (AUC, precision, default rates), reviewed weekly by the CEO, reducing review meetings from 60 to 25 minutes.
- Developed Python + SQL workflows to extract and prepare reporting datasets from Snowflake, AWS S3, and internal APIs, reducing manual data preparation time by 5+ hours/week.
- Partnered with Risk, Operations, and Data Science teams to define KPIs and reporting requirements, implementing 10+ automated reports that replaced manual processes.

Canfor

June 2024 – February 2025

Credit & Business Intelligence Analyst

Vancouver, Canada

- Developed Power BI dashboards for \$50M+ credit portfolio, giving executives daily visibility into utilization, aging, and bad debt KPIs used weekly to guide collections and credit-limit decisions.
- Built ETL pipelines using Azure Data Factory and Python to move data from Oracle JD Edwards to Azure SQL, enabling daily dashboard refreshes.
- Implemented automated alerts and SQL-based monitoring that reduced Days Sales Outstanding (DSO) by 8 days, accelerating collections and improving cash flow.

Autofin | Auto Financing and Credit

March 2021 – January 2022

Data Analyst

Santiago, Chile

- Analyzed loan application data, customer demographics, and credit bureau information to identify default risk patterns and inform underwriting policies.
- Created SQL-based reports and dashboards tracking portfolio performance, delinquency rates, and approval/rejection metrics for management review.

TANNER Financial Services

January 2018 – February 2021

Credit Risk Analyst

Santiago, Chile

- Built credit risk models using Python (scikit-learn, pandas) to score loan applications, improving identification of high-risk customers by 12%.
- Automated recurring workflows, reducing reporting cycle time by 20% and giving analysts more time for insights.

Projects

Retail Analytics Pipeline (Bronze → Silver → Gold) 🏆 | ADF, ADLS Gen2, Databricks (Spark/Delta), Synapse, Key Vault

- Built medallion architecture for retail transaction data through Bronze (raw), Silver (cleaned), and Gold (curated) layers
- Defined a star schema and data-quality validation rules, ensuring faster queries and reduced dashboard maintenance.

Phishing Detection Data Pipeline 🏆 | Python, FastAPI, AWS (S3/ECR/ECS), Docker, GitHub Actions, MLflow

- Built an end-to-end real-time pipeline that scores suspicious URLs, cutting analyst triage time from minutes to seconds.
- Implemented MLOps workflow with data-quality checks and drift monitoring, and released with Docker, GitHub Actions, and MLflow.

Technical Skills

Languages & Data: Python (pandas, NumPy, FastAPI); SQL (PostgreSQL, MySQL, Snowflake)

Data Engineering: ETL/ELT pipeline development; Azure Functions; Azure Data Factory; Azure SQL Database; ADLS Gen2; Synapse; Snowflake

Cloud & Tools: AWS (S3, Lambda); Docker; Git/GitHub; GitHub Actions

BI & Modeling: Power BI (DAX, Power Query, data modeling); Tableau; Excel; Star schemas; Dimensional modeling

Workflow & Practices: Agile/Scrum; Jira; Confluence

Education

Douglas College

2022 – 2023

Postgraduate Diploma in Computer and Information Systems

Vancouver, Canada

European University of Madrid

2016 – 2017

Master of Business Administration (MBA)

Madrid, Spain

Andres Bello University

2012 – 2015

BSc in Economics (Concentration in Finance and Statistics)

Santiago, Chile
